## WAITING LIST IS BASED ON

- BLOOD GROUP (A,B,O,AB)
- HOSPITAL (Public And Private Sector Hospital)

Unique SOTTO ID number for purpose of tracking will be intimated by the transplant coordinator

# WHEN WILL I GET A KIDNEY TRANSPLANT?

As and when a braindead donor in the ICU of the hospital where you are registered consents for organ donation, depending on the donors blood group, the recipients enlisted in that hospital under that blood group are allocated the organ as per rank.

It entirely depends on where the donor is admitted  
e.g. if donor in GMC, then 1<sup>st</sup> preference to GMC listed patients  
if donor in Private Hospital, then 1<sup>st</sup> preference to that  
Private Hospital listed patients

You will receive a call from the transplant coordinator on your registered mobile number

# HOW TO CHECK STATUS OF RANK ON LIST?

Visit website of SOTTO Goa [www.sotto.goa.gov.in](http://www.sotto.goa.gov.in)

Click on the tab “Patient Ranking”

Enter blood group, year of registering and the SOTTO ID number.

On clicking ‘search’, the status as Active/Inactive & over all rank on the list is displayed.

Kindly contact Transplant coordinator for all queries.

**# say YES to organ donation**

# WHAT COULD BE THE REASON FOR BEING REJECTED INSPITE OF BEING ALLOCATED KIDNEY?

- Medically unfit as per the clinical examination & investigations send as pre operative evaluation for fitness.
- HLA Not Matching
- Donor family withdrew consent & no organ donation happened
- You could have been 3<sup>rd</sup> on the list and the No. 1 & 2 were medically fit and HLA matching (First five wait listed patients are called at a time and evaluation is done as the work up is time consuming)
